## Airport Noise Abatement Consultative Committee (ANACC)

### **MEETING MINUTES**

Date: Thursday, 14 October 2021

Time: 09:00 – 12:00
Location: Microsoft Teams

#### 1. Welcome, Attendance and Apologies/Proxies

Chairman, Matthew Bender, opened the meeting at 09:05 and welcomed members and observers to the October meeting.

Refer to attachment 1 for attendance/apologies.

#### 2. Consideration of Previous Minutes/Action List

Refer to attachment 2 for action list.

#### 2.1. ANACC Meeting held 17th June 2021

Chair sought feedback from members on the minutes from the 17 June 2021 meeting noting the minutes will be updated to include John and Lindy's comments. The minutes were endorsed and accepted by the committee.

#### 2.2. Action List & Recommendations

**Action** Chair to discuss with Karrlyne and team when data from the department will be available before scheduling meetings for 2022

**Action** Chair to liaise with Airservices as the responsible agency to investigate if preferred arrival runway for Qantas freight operations could be from the south during daylight savings and if this would be a feasible change for the 2023 Day light savings period.

**Action** Chair to draft letter to Brett Curtis thanking him for all his hard work and compliment him on being the "most approachable and convenable person" to run the ANACC and wish him well on behalf of this committee.

**Action** Chair to distribute information relating to the CASA regulation/standards changes in regard to the location and requirements for displaced thresholds re: RWY 32.

#### 3. Correspondence

Refer to Attachment 3 for full details.

### 4. Department of Infrastructure & Curfew Update incl. BAE 146 freight curfew operations

#### 4.1. Department Update from Karrlyne Johnson

- Curfew data is not available until 3 weeks after quarter completion.
- Curfew activity information is recorded in relation to the local time (QLD)
- Approved departures are aircraft that are permitted to operate. These were not RPT services, these are approved curfew activities.
- No dispensations issued for the last quarter.
- David Gray queried if next year meetings we could be scheduled later to ensure we have documentation.

**Action** Chair to discuss with Karrlyne and team when data from the department will be available before scheduling meetings for 2022

#### 4.2. David Stani Update on Freight Operations

David stated they are committed to minimising disruption to communities and noted ATA time of 5:18am. David Stani presented to the committee.

- John Hicks requested ANACC receive a copy of David's presentation, David will confirm if possible.
- John Hicks queried the long term plans for this service and if this will become permanent, the dispensation is until Christmas and Karrlyne noted the department would need an application from Qantas for anything after this date. She stated they will consider all parts related to application including community and business feedback.
- Chair noted the four curfew slots are permitted to be used under the regulations and this is
  a compliant operation, to amend this would require national legislation/regulatory change.
  GCA follow a nationally consistent approach to curfew movements, any request to amend
  would have to consider all airports under this regulation.
- Julie Murray queried the use of the word "shoulder curfew" in the presentation, David stated term word was used to show progress on this issue having pushed back the 4:30am arrival to after 5:05, Karrlyne mentioned shoulder is referring to one hour prior to the curfew ending and is used in Sydney, this word doesn't have to be used and can be removed.
- Bill Pinkstone queried if when departing GCA the aircraft could depart two hours earlier?
   David stated if that occurred the service would be departing with only approximately half of the communities cargo; David will look into departure times and determine what is feasible although scheduling is up to the airlines.
- Bill queried planes lower to ground than normal, Chair to look into and discuss out of session.
- David Gray noted the movement of arrival times to after 0505 is much appreciated and queried the impacts if it was moved to 0600, David Stani noted this would impact connectivity into national grid and would have negative impacts to service levels for communities
- David Gray queried if preferred runway for arrival could be from the south during daylight savings and if this would be a feasible change.
- **Action** Chair to investigate but noted this will be a significant change as this would affect all services. Kate from Air services stated this has been looked at due to Bills Pinkstone's previous comments with no conclusion yet as this is a complicated issue.
- Karrlyne stated any applications go through exceptional criteria and to make any changes we would need to be specific for what would be included and excluded.

Motion the department take note it is the view of GCA ANACC membership they consider that the

curfew regulation be amended to specify that the four movements within curfew per week only be permitted in exceptional circumstances.

Motion passed: Lindy Smith Seconded, passed with unanimous support.

#### 5. Airservices Report

Refer to Attachment 4 for full details

- Prema Lopez and Kate Frazer presented to the committee
- Air traffic movements down on precovid traffic 41% from last data. 41% inclusive of GA RPT down 90%
- RNPR Smart tracking data presented
- NAPS Wording changes presented, not changed since CACG presentation
- ILS Reporting, ASA working to get this automated. Will be provided for distribution
- Noise monitoring review update, locations for long term and short term noise monitoring presented. Actions with environment team reviewing submissions on draft report
- Noise improvement proposals southern operations noise investigation proposals presented
- Runway 14 departure turns aircraft into arrival routes and puts aircraft into conflict for longer.
- Airspace governance panel; change requests that are received will pull these together and review and make sure they are progressed appropriately. All requests to be submitted in writing via the airport community aviation group.
- Kate would like to get sent detailed information what the actual differential runway proposition is and an explanation of what Bill Pinkston is suggesting.
- Larry asked if the airspace governance panel considers the impact on the community yes it looks at the proposals noting the benefits across all areas.
- NCIS Complaints data presented.
- Blacklists complains discussed, receipt from Webtrak system to be sent to Chair to be sent to Prema.
- John Alcorn said he received a letter he thought was offensive, Prema said it was not the
  intent to offend and apologised she suggested they look at their wording and how they
  respond.
- If John sends the correspondence through it will be reviewed. John could also send this to the airport noise ombudsman to review. John will send to Chair.
- Out of session to be organised to discuss southern operations report. Motion details for differential runway operations to be sent to Kate.

#### 6. GCA Update

- COVID impact and border restrictions 90-95% down on precovid numbers. Possible increase towards end of the year. Potential for NZ services next year, as soon as returning services are confirmed group will be notified.
- STE still going ahead, operation around mid-year next year.
- Potential for 32 landing threshold relocation, project postponed and no date for recommencing,
- CASA regulatory change may require 32 RWY displaced threshold to be relocated by 2026, if this is confirmed as likely any relevant information will be presented in this forum for discussion.
- Chair noted previous assessments for change to noise exposure should the threshold be relocated indicated final stages of approach would see aircraft approximately 50FT lower, equating to approximately less than a 3-decibel difference. All info will be recirculated if change is required

#### 7. General Aviation Update

Movements have been quite low due to covid and government regulations around fight schools. A few calls were received regarding a light aircraft, this aircraft is now no longer operating. John Alcorn made a motion thanking Brett for all his hard work and compliment him on being the "most approachable and convenable person to run the ANACC and wish him well".

Action Chair to draft letter to Brett Curtis on behalf of this committee.

#### 8. Strategic Work Program

- Chair is drafting SWP noted from meeting in excel to track changes effectively, to be distributed with comments and changes for members to comment.
- Chair will discuss with Airservices to determine if an annual SWP meeting with AirServices is possible for direct feedback.

#### 9. General Business

- David Gray received a reply from Airforce operations regarding FA18 low fly-bys stating they
  are working within their procedures and all flights are approved. Chair stated this is an
  approved operation and defence complaints are handled differently to civilian complaints.
  Chair has tried to reach out to some contacts but received general responses. Chair to look
  into how we can move forward with this and follow up.
- Larry Woodland will be submitting a report he completed based on his opinion of the
  mediocrity of airport aircraft noise monitoring in Australia. Objective is to take
  recommendations into account when creating the Airport Master Plan next year. Larry will
  circulate it this afternoon to CACG and ANACC and requested members review and provide
  comments prior to next month's CACG.
- Lindy Smith queried if information relating to the CASA regulation changes in regard to the landing threshold could be sent through after this meeting.
- Action Chair will distribute information of Displaced Threshold standards.
- Lindy Smith, will GCA be considering taking on the new airline (Bonza) should it get approval? Chair stated as long it is meeting regulations, we will be looking at them. At this point in time, we put our hand up for any carrier.
- Bill Pinkstone noted Prema's presentation with the noise monitor shows promise that an additional noise monitor might be put in the Gold Coast and noted we would support a second monitor. One in Banora point and a second monitor to the south.
- John Hicks queried if the agenda for the upcoming CACG meeting could include a contours discussion point from Larry.
- Lindy Smith queried can we invite a pilot and John Hicks with ASA on southern operations review. Chair will make some enquiries.

The Chair thanked members for their participation and closed the meeting at 12:01.

# ILS REPORTING

### **ILS REPORTING**

- The ILS report will incorporate the agreed headings:
  - Date
  - ATIS ILS Period starts
  - ATIS ILS Period ends
  - ATIS ILS duration (hours)
  - ILS nominated on the ATIS
  - All Light Aircraft
  - All RPT
  - Reason for ILS
  - All ILS call signs (with aircraft type / local landing time)
  - Airservices is working to automate the publication of the report on our website.
  - The latest report will be provided to the ANACC following this meeting.

# NOISE MONITORING REVIEW

### NOISE MONITORING REVIEW UPDATE

- A total of 34 suggestions for potential locations were received (14 through the ANACC and 20 through Engage Airservices)
- Draft Noise Monitor Review Report was open for comments from 21 July to 18 August)
- The report noted that the current long term noise monitoring locations at Tugun and Banora Point continue to provide valid and accurate noise information
- Three locations were found suitable for long-term noise monitoring
  - Palms Village
  - Gray Street Depot
  - Pyramid Holiday Park
- Three additional locations were found suitable for short-term noise monitoring
  - Calvary Catholic Church
  - Miami State High School
  - Redondo Ave (Miami Community Children's Centre)
- Airservices Environment Team is reviewing the submissions on the Draft Noise Monitor Review Report

# NOISE IMPROVEMENT PROPOSALS

### SOUTHERN OPERATIONS NOISE INVESTIGATION

#### **Southern Operations Noise Investigation**

Airservices has provided the draft report for comment noting the following:

Proposal 1 - adjust the RWY 14 SID and STAR

As noted in the meeting on 11 February this option will not progress for further assessment due to the increased track miles and emissions. Additionally, the increase in climb gradient required by departing aircraft may result in increased noise levels for the communities overflown due to thrust setting

Proposal 2 - to adjust the RWY14 departure to H095

This proposal will not proceed as it still places departing aircraft in conflict with RWY 14 arrivals

Proposal 3 (to increase use of the RWY32 RNP-AR) and Proposal 4 (to design a RWY 32 RNAV)

Will be progressed by Airservices for consideration via the Airspace Governance Panel

• (PIR action) Proposed RWY14 STAR to ILS for arrivals from the south and east

Progressed to flight path design programme schedule

# AIRSPACE GOVERNANCE PANEL AND INFORMATION REQUESTS

### AIRSPACE GOVERNANCE PANEL

#### **Airspace Governance Panel**

- Airspace Governance Panel reviews all proposed changes and determines those admitted into the change program and the priority
- All changes will be progressed through the following areas for review and design:
  - Flight Path Design
  - Operations
  - Environment
  - Community Engagement
- Safety related changes will be the highest priority

#### **Information requests**

- All requests for information to be submitted in writing via the airport community aviation group.
