

Community Aviation Consultation Group

Date: Thursday 20 July 2023
 Chair: Ron Brent
 Secretariat: cacg@gcal.com.au

Agenda

Time	No.	Item	Action/Attachments
09:00am	1.	Acknowledgement of Country	Chair
09:05am	2.	Consideration of previous minutes/ action list	Chair
	2.1.	Confirmation of minutes of CACG Meeting - held Thu 23 March 2023	Chair
	2.2.	Action list & recommendations	Chair
	2.3.	Membership updates	Secretariat
09:25am	3.	AFP update	Josh Kinghorn
09:30am	4.	Department of Transport & Main Roads presentation	Alan Stone/ Bradley Newman
10:15am	5.	Airservices update	John Graham
	5.1.	Airservices PFAS update	Stephen Tapsall
10:30am	6.	Gold Coast Airport update	Abigail Koch
	6.1.	Airport developments	Jared Feehely
	6.2.	GCA Master Plan update	Liam Campbell
		Morning Tea	
10:45am	7.	DITRDCA PFAS Airports Investigation Program	Tori Wright
11:05am	8.	Air Quality Monitoring update	
	8.1.	Air Quality Monitoring update Tweed Shire Council	Meredith Anderson
	8.2.	Air Quality Monitoring update Gold Coast Airport	Norbert Benton
11:20am	9.	Emergent Issues	

11:40am	10.	Material Correspondence	<i>Chair</i>
	11.	General Business	<i>Discussion</i>
	12.	Strategic Working Program	<i>Discussion</i>
12:45pm		Meeting Close	<i>Chair</i>
		Lunch	

Next Meeting: Thu 23 November 2023 – Rydges Hotel

Community Aviation Consultation Group (CACG)

Meeting Minutes

Date: Thursday 20 July, 2023
Time: 09:00 – 12:30
Location: Rydges Hotel | Microsoft Teams

1. Welcome, Attendance and Apologies/Proxies

The Chair, Ron Brent, opened the meeting at 9:00am and welcomed members and observers to the July 2023 CACG meeting. The Chair acknowledged the traditional Custodians of the cultural landscape on which Gold Coast Airport is situated, the Yugambeh and Bundjalung people, and paid respect to their elders, past, present and future.

Refer to Attachment 1 for attendance/apologies.

2. Consideration of Previous Minutes/Action List

2.1 CACG Thursday 23 March meeting minutes

March minutes approved. Secretariat to upload on to the CACG website: cacg.goldcoastairport.com.au

2.2 Action List & Recommendations

Refer to Attachment 2 for full details.

2.3 Membership Updates

No new memberships or resignations to advise.

3. AFP Update

09:25am – Josh Kinghorn provided an update from the AFP.

- AFP is focussing on the upcoming Pacific Airshow scheduled to take place on the 18-20 August.
- Monitoring ill-behaviour from passengers in response to several incidents that have recently occurred.
- AFP continue to handle border issues and develop ways to combat these by conducting targeted exercises.

4. Department of Transport & Main Roads Presentation

09:30am – Alan Stone, *Regional Planning & Program Manager* at TMR introduced himself and Brad Newman, *Light Rail Stage 4 Project Manager*. Alan provided a planning update on the bus network, M1, Light Rail (LR) and Heavy Rail (HR).

Refer to presentation - Attachment 3 for full details.

This agenda item was requested by Gold Coast Lifestyle Association (Association) to clarify plans for an expanded ground transport hub at GC Airport with co-located light and heavy rail stations proposed. The Association notes the available land area is very constrained – mainly car park at present. The light and heavy rail stations (especially heavy rail) will attract substantial numbers of passengers (and their cars) from the surrounding community, not just airport passengers and staff. The Association considers there will be a need for a substantial multi-level car park. The Association raised the following questions:

- Is it feasible to provide all this infrastructure on the current site?
- How will it be arranged on the site?

Discussion points following presentation:

- John Hicks questioned whether a negative impact has been considered to residents of the Tweed Shire Council.
 - Brad Newman confirmed that TMR have regular conversations with their NSW counterparts.
- It was noted that the inclusion of timings on the timeline would be helpful.
 - TMR advised that this is difficult to ascertain as it is dependent on funding.
- Jann Stuckey would like to see a progress report to be made available to members of the public in Qld and NSW.
 - TMR advised members to check the Qld and NSW Premier websites for further updates.
- Questions over whether there is enough space for two stations (LR and HR) was discussed and whether a scale could be included to clarify the distances.
- Alan Stone (TMR) advised it is likely the heavy rail station will be an elevated station built above the LR station.
- Bill Pinkstone asked whether the payment functionality would be compatible between Qld and NSW.
 - TMR advised that this is a matter for Translink and that currently it is not compatible.
- Members were concerned by parking and would like to see a multi-storey car parking building constructed along with more information about how passengers will transfer to the terminal.
 - Liam Campbell, *General Manager for Planning & Design* assured the members that this is all being considered as part of the master plan and will provide more information as it comes to hand.
- The possibility of creating a Park 'n' Ride was discussed. Members noted that Park 'n' Ride at existing GC rail stations is on government land and is free of charge. A potential challenge at GC Airport is that Park 'n' Ride space may be on Airport land where parking fees apply.
- GCA clarified that the proposed light rail line doesn't end at the airport and that it continues through to Coolangatta.

5. Airservices Update

10:15am - John Graham, *Community Engagement Advisor* from Airservices introduced the Airservices representatives in attendance - Stephen Tapsall, Niomi Arthur, Bruce Dowdall.

Refer to presentation - Attachment 4 for full details on the Airservices update.

5.1 Airservices PFAS Detailed Site Investigation (DSI) update

10:25am - Stephen Tapsall provided an update on the DSI.

- Cr Chris Cherry would like a copy of the monitoring location map to be circulated. A request was also made to see whether the PFAS level table could be circulated.
 - Stephen Tapsall to confirm.
- Lindy Smith asked whether there is an estimated time on when the sampling will take place.
 - Airservices is awaiting approvals, but certainly later this year.
- Given the broad and diverse area that the Gold Coast Airport is located on, questions were asked as to whether there are other airports in Australia that are similar.
 - Stephen Tapsall advised that each airport has their own challenges, however the same intellectual effort is being applied to every airport and advice from external agencies is important in this process.

ACTION: Monitoring location map to be forwarded to the committee.

ACTION: Airservices to investigate whether the PFAS level table can be circulated.

6. Gold Coast Airport Update

10:30am - Abigail Koch - *Strategic Communications General Manager*, provided an update on the latest events and news at Gold Coast Airport and introduced Maggie Gray, *Strategic Communications Executive*.

Refer to Attachment 5 for full details on the Gold Coast Airport update.

6.1 Airport Developments

10:40am – Jared Feehely provided an update on the GCA airport developments.

Refer to Attachment 5 for full details on the airport developments.

Key points from the discussion of the report were:

- Members were interested to know how many new carparks would be available as part of the new development.
 - GCA confirmed approximately 580 spaces.
 - Concerns over environmental effects of spreading the carpark out.
 - The cost of carparking is another concern by committee members.
- Questions were asked whether taxi drivers were happy with the proposed ground transport changes.
 - GCA advised that passenger activity is extending to the south, including a new coffee shop that will soon open adjacent to the Southern Terminal expansion. The location of the new rank offers greater flexibility to taxi drivers and will improve congestion by distributing customers across the full frontage of the terminal. Dedicated signage will also be installed to help with Wayfinding. Generally, taxi operators were happy with changes (including line of sight to the rank from the holding area) but some operators prefer the old arrangement.
- Members were curious as to why the OOL to Narita flight ceased.

- GCA expressed their disappointment that this service was withdrawn, and that Jetstar's decision was an operational decision to consolidate their 787 maintenance hubs to the state capitals.

6.2 Gold Coast Airport Master Plan Update

Refer to Attachment 5 for full details on the Gold Coast Airport update.

11:02am - Liam Campbell provided an update on the 2024 master plan for GCA.

- Members would like to see more detail around what the master plan will include, specifically with reference to HR, LR, bus terminal and carparking to allow the CACG to provide input before it goes out to public.
 - Liam Campbell advised that more information will be available in the November CACG meeting and December extra-ordinary master plan meeting.

ACTION: GCA to provide as much detail as possible in the November CACG meeting around the future planning on HR, LR, bus terminal and carparking.

- Members questioned whether there is adequate time for the CACG to provide input before it goes out to the public.
 - Liam Campbell is confident that there will be sufficient time to incorporate necessary changes before the public consultation period commences.
 - As there appeared to be some confusion over the consultation period, GCA advised that they will provide a detailed timeline which outlines the dates of the public consultation period, as well as other dedicated CACG meetings.

ACTION: GCA to provide a detailed timeline to clarify the consultation periods.

- John Hicks asked whether a webpage could be created to include information on the master plan for community representatives to share with their community groups.

ACTION: GCA to consider whether a webpage dedicated to the master plan could be created to help community representatives pass information on to their community groups.

ACTION: As some members were not present at the March Extra-ordinary Master Plan meeting, GCA offered to resend the summary of notes to the wider group.

- Jann Stuckey wanted clarification on why Jetstar has a high number of dispensations compared to the last quarter.
 - Megan Thomas advised that during the last quarter there were more aircraft operating given increased activity from school holidays, public holidays etc (such as Easter) which can see more unforeseen circumstances occur.
 - Megan also reminded the committee that each dispensation is carefully considered by the Department and is usually only granted within a short timeframe of the curfew. What the committee doesn't see is the number of dispensations that are refused which is often a large number each quarter.
 - Airline operators are entitled to request a dispensation under the regulations.

ACTION: If the trend of dispensations is consistent and continues, would DITRDCA be able to provide a reasoning or some kind of background behind this.

- John Hicks asked whether an annual graph could be provided to measure and monitor the trends to include a year-on-year comparison on curfew numbers.

ACTION: DITRDCA to investigate whether a year-on-year comparison on curfew numbers could be generated.

- Bill Pinkstone questioned whether the quota system is adequate as it doesn't appear to be working.
 - Megan Thomas advised that none of the airlines have exhausted their quota.
 - The Chair asked for any questions relating to dispensations to be emailed to Ron to follow up: cacg@gcal.com.au

7. DITRDCA PFAS Airports Investigation Program (AIP)

11:48am – Tori Wright, *Acting Assistant Secretary to the Airport Environment Branch* at DITRDCA gave an overview of her role and the PFAS program.

- The Australian Government has committed \$130.5 million to investigate PFAS contamination to develop management plans and ensure it is being addressed.
- Pilot programs took place at Adelaide, Bankstown, Brisbane, Canberra, Hobart, Launceston, Melbourne and Parafield Airports to help rollout the main program and develop the main framework.
- The pilot testing concluded 30th June 2023 as part of Stage 1.
- Tranche 2 of the program is now progressing which is to conduct a Detailed Site Investigation.
- Gold Coast Airport has agreed to participate.
- If the site evaluation identifies any contamination and possible exposure to people, plants or animals to PFAS levels above relevant guidelines, a risk assessment will take place and a tailored management plan will be developed to monitor and manage contamination at affected areas.
- The Department also advised that the program does not include funds for active management or remediation.
- Once consultants have been engaged to deliver Tranche 2 of the Program a further update will be provided to the CACG by the Department.
- The Department advised that should there be any queries ahead of the next update stakeholders can contact PFAS@infrastructure.gov.au for further information on the Program or the Chair is happy to consolidate all questions if they are sent through to: cacg@gcal.com.au and forward on to The Department.
- Cr Chris Cherry expressed her concern about PFAS levels, particularly through the ground water network and whether the investigations will extend beyond the airport boundary.
 - Tori Wright explained that The Department has jurisdiction only up to the airport boundary, but if there is evidence that there are clear hits that are carried offsite then the SAQP can be extended to offsite testing.
- Lindy Smith noted that Tori Wright referred to Queensland authorities but didn't mention NSW authorities, and wanted to know if NSW will be included.
 - Tori Wright confirmed that both the NSW/QLD authorities will be part of the conversation.

8. Air Quality Monitoring Update

8.1 Air Quality Monitoring Update – Tweed Shire Council

12:00pm – Meredith Anderson, *Environmental Health Officer*, provided an update on the Air Quality Monitoring sites.

Refer to presentation - Attachment 6 for full details.

- There are 3 PurpleAir sensors and solar and battery systems up and running.
- Finishing touches on site specific issues for 3 more sensor locations.
- Additional four sites to be finalised.
- No data has been analysed yet.
- John Alcorn asked if Tweed Shire Council has considered adding a monitor at Banora Point.
 - Meredith advised that they try and keep the sensors on Council land for ease of monitoring and to prevent them from being vandalised.
 - Meredith is happy for any suggestions. Chair advised if there are any suggestions to email them through to: cacg@gcal.com.au

8.2 Air Quality Monitoring Update – Gold Coast Airport

12:10pm – Norbert Benton, *Queensland Airports Environmental Manager*, provided an overview of the draft summary of the air quality report at GCA.

- The draft summary advised that there are low concentration levels, therefore the risk of non-compliance is low. Based on the survey results, no further sampling will be conducted. The finalised summary will be distributed to CACG members alongside the air quality report.
- John Hicks asked if all the monitors were on the airport, Norbert Benton confirmed they are.

9. Emergent Issues

- The ANACC and CACG integration was discussed along with the pros and cons of merging the two. The trial will see four meetings scheduled between Feb-Nov 2024 with the duration of each meeting extended by one hour to ensure all agenda items are covered off.

10. Material Correspondence

- No new material correspondence to discuss.
- Curfew movement summary was submitted to the committee.

11. General Business

- No new items to discuss.

10. Strategic Working Program

- No new items to discuss.

12:48pm – Chair thanked members for their participation before closing the meeting.

Next CACG meeting: Thursday 23 November 2023.

Extra-ordinary Master Plan meeting: Wednesday 13 December 2023.

Attachment 1: Attendance and Apologies

Date: Thursday 20 July, 2023

Attendees

Ron Brent	CACG Chair
Jared Feehely	Gold Coast Airport
Jodie Fields	Gold Coast Airport - Secretariat
Abigail Koch	Queensland Airports
Maggie Gray	Queensland Airports
Norbert Benton	Queensland Airports
Liam Campbell	Queensland Airports
Laura Harvey	Queensland Airports
Matthew Jones	Queensland Airports (online)
John Graham	Airservices Australia
Stephen Tapsall	Airservices Australia
Hana Assi	Airservices Australia (online)
Bruce Dowdall	Airservices Australia (online)
Niomi Arthur	Airservices Australia (online)
Marion Lawie	Airservices Australia (online)
Joshua Kinghorn	Australian Federal Police
Lindy Smith	Tweed District Residents & Ratepayers Association
David Gray	Bilinga Neighbourhood Watch
Bill Pinkstone	Banora Point & District Residents Association
John Alcorn	Airport Central Corridor Alliance - NSW
Cr Chris Cherry	Tweed Shire Council
Jacqui Cord	Tweed Shire Council
Meredith Anderson	Tweed Shire Council (online)
John Hicks	Gold Coast Lifestyle Association
Julie Murray	Kingscliff Ratepayers Association
Larry Woodland	Fingal Head Community Association (online)
Arthur Elliott	Cyclades Crescent Neighbourhood Watch
Jeff Godfrey	Tweed District Residents & Ratepayers Association
Ben Naday	Office of The Hon Karen Andrews MP (proxy)
Kristie Bishop	City of Gold Coast (proxy)
Jann Stuckey	Friends of Currumbin
Alan Stone	Department of Main Roads
Bradley Newman	Department of Main Roads
Lachlan Caddy	Department of Main Roads
Gregory Watt	Department of Main Roads (online)
Rose Adams	Gecko Environment Council Association Inc. (online)
Sonicka Singh	The Department (DITRDCA) (online)
Tori Wright	The Department (DITRDCA) (online)
Megan Thomas	The Department (DITRDCA) (online)
Colleen Santinon	The Department (DITRDCA) (online)
Nathan Goldman	The Department (DITRDCA) (online)

Formal Apologies

Cr Gail O'Neill	City of Gold Coast – Division 14
John Sweeney	Banora Point & District Residents Association
Karen Andrews MP	Federal Member for McPherson
Laura Gerber MP	State Member for Currumbin
Geoff Provost MP	State Member for Tweed
Scott Stephens	Airservices Australia

Attachment 2: CACG Action List

Open Action Items

No.	Meeting Date	Item	Requirement	Responsible Person	Completion Date	Status
122	11/08/2022	CACG members who fail to attend meetings.	<p>GCA/Chair will review the list of members, follow up with members not attending and report back to the next meeting.</p> <p>GCA sent emails to absentee members to confirm if they will be attending the July CACG and advise if there is an alternative representative who can attend in their absence or if you wish to remain on the committee.</p> <p>Secretariat to advise Chair which members are sending substitutes with an overall decision by the Chair to be made at the next meeting as to whether memberships is to remain or cease.</p>	Secretariat/Chair/ Maggie Gray	24.11.2022 10.02.23 23.05.23 18.07.23 20.07.23	Open
137	23.03.23	Noise Monitor Review	<p>John Graham to follow up on whether the analysis report on noise monitor locations can be distributed before the decision on locations is finalised.</p> <p>AsA will distribute a draft report with a recommended location based on the analysis for feedback prior to releasing the final report.</p>	Airservices/John Graham	25.05.23 20.07.23	Open

		the DSI report	releasing DSI report. Covered as an agenda item.			
84	15/07/2021	Review of the 2019 and 2020 AirServices PFAS reports	Lindy will send review of 2019 and 2020 AirServices PFAS reports for distribution.	Lindy Smith	11/11/2021	Closed
85	15/07/2021	Distribution of presentations	All CACG meeting presentations be circulated ahead of draft minutes.	Secretariat	15/7/2021	Closed
86	15/07/2021	Tweed Council Air Quality Monitors	Members to provide location suggestions for extra monitors directly to Jacqui Cord.	Members	11/11/2021	Closed
87	15/07/2021	GCA Air Quality Monitoring	Response requested from the airport if an ongoing air quality monitoring program is possible. John asked whether the final report was circulated. Norbert provided an update on his action items.	Norbert Benton	11/11/2021 24/03/2022	Closed
88	15/07/2021	Draft GCA Air Quality Report	Draft GCA Air Quality Report to go to members for comment. Replaced by item 96 and will allow for draft report to be out 4 weeks before CACG.	GCA and Members	11/11/2021	Closed
89	15/07/2021	GCA Master Plan	Request the airport provide an outlined program to consult with the CACG. Closed as an ongoing agenda item.	GCA	24.11.22	Closed.
90	15/07/2021	DES Ambient PFAS Monitoring	DES to be invited to next CACG to present on its monitoring program. Brenda Baddiley presented the Ambient Concentrations of PFAS in Queensland 2019-2020 which provided an overview of the online portal and the link to the report on the Department's website.	Norbert Benton	24/03/2022	Closed
91	15/07/2021	Questions over 2019 and 2020 Airservices	Lindy Smith to present concerns directly to Airservices for response at or before next CACG.	Lindy Smith and Airservices	August 2022	Closed

No.	Meeting Date	Item	Requirement	Responsible Person	Completion Date	Status
		PFAS reports	Chair sent to AsA.			
92	15/07/2021	Qantas freight Curfew Movements	Refer following issues to ANACC: Possibility of reforming the Curfew Regulations. Whether freight flights could be shifted to daytime. Whether flights could use Brisbane airport and road link. Part of ANACC meeting, minutes to be circulated when finalised.	Secretariat/ Matthew Bender	24/03/2022	Closed
93	15/07/2021	ANACC minutes	Include CACG members in distribution of ANACC minutes. Ron proposes to remove this from the action list. This will be undertaken moving forward and can therefore update this item to completed.	Secretariat/ Matthew Bender	24/03/2022	Closed
94	11/11/2021	Curfew Flights	Chair to write to Federal Minister and local members regarding curfew flights. Closed following meeting.	Chair	24/03/2022	Closed
95	11/11/2021	PFAS Communication Email	Details of PFAS communications email address to be circulated.	GHD	Prior to next CACG	Closed
96	11/11/2021	Air Quality	GCA and Norbert to look into air quality in Kingscliff and how this related to SWP. (Incorporated in item 100.)	Norbert Benton	24/03/2022	Closed
97	11/11/2021	Air Quality	Invite Jacqui to present an update on the TSC AQM at the next CACG meeting (21 July 2022) regarding the draft GCA Air Quality Monitoring Report. Make an agenda item at the next meeting. This is part of the TSC presentation scheduled for the 24.11.22 meeting.	Secretariat	21/07/2022 24/11/2022	Closed.
98	11/11/2021	Traffic Movement	Traffic movement plan for Wollemi place to be provided.	Travis Callaghan	24/03/2022	Closed

No.	Meeting Date	Item	Requirement	Responsible Person	Completion Date	Status
		Plan	Document circulated 12/11/2021.			
99	11/11/2021	Air Quality	Request consultant preparing GCA Air Quality Monitoring Report to note anecdotal evidence of black material being deposited on roofs etc. with increased flights within the draft air quality monitoring report. (Incorporated in item 100.)	Norbert Benton	24/03/2022	Closed
100	24/03/2022	Airport Quality	Draft GCA AQ Monitoring Rpt to be presented 1 month prior to next CACG mtg, with consultant to consider SWP, and anecdotal evidence of black deposits on rooves following increased flights. Report provided on the 20th March but failed to be provided one month prior. This item discussed at 24.11.22 meeting.	Norbert Benton	21/07/2022 24.11.22	Closed
101	24/03/2022	PFAS & Airport Presentations	Secretariat to add to the minutes prior to Ron's electronic signature. This is to become an ongoing part of the Airservices presentation.	Secretariat	21/07/2022 24/11/2022	Closed
102	24/03/2022	Ambient Concentrations of PFAS in Queensland 2019-2020	Brenda to send the links to Norbert.	Brenda Baddiley	21/07/2022 24.11.22	Closed
103	24/03/2022	Healthy Waterways Grading Report	GHD to consider providing a water quality report for GCA using the same grading cards as the Tweed report. This is to become an ongoing part of the Airservices presentation.	GHD	21/07/2022 24.11.22	Closed
104	24/03/2022	Lindy's comments regarding AsA DSI	Airservices to respond to Lindy's comment.	Airservices and Secretariat	21/07/2022 24.11.22	Closed

No.	Meeting Date	Item	Requirement	Responsible Person	Completion Date	Status
		update				
105	24/03/2022	Kirra PFAS levels	Chair to follow-up with GHD, AsA and GCA around Kirra Beach PFAS levels.	Chair	21/07/2022 24/11/2022	Closed
106	24/03/2022	Agenda Paper for Freight Curfew	Chair to write to the Minister to cover these items and attach the agenda paper. Letter sent to Minister King on the 1st August 2022. Letter and a response from the Minister's was received. Committee disappointed in the response and intend to keep this item active but consider doing so through different means. For now though, the action item has been completed and therefore this item will be closed.	Chair	21/07/2022 01/08/2022 24.11.22	Closed
107	24/03/2022	Freight Curfew	Airport to provide feedback on its position on the recommendations in the Freight Agenda paper.	GCA	21/07/2022 24/11/2022	Closed
108	24/03/2022	Larry Woodland's Paper	Chair to discuss Larry's paper with him out of session to address some of the complexity within it. Chair and Larry met on Wed 10 th Aug to discuss.	Chair and Larry	21/07/2022 10/08/2022 24.11.22	Closed
109	24/03/2022	CACG Contact List	Secretariat to update the contact list. Business as Usual.	Secretariat	20.07.23 Ongoing	Closed
110	11/08/2022	Gold Coast Airport Masterplan	CACG is consulted throughout the process. This was a duplication of item 89.	GCA	24.11.22	Closed
111	11/08/2022	Gold Coast Airport Masterplan out of session meeting	CACG members would like consultation on the masterplan with an out of session meeting. This is scheduled for the new year.	GCA	24.11.22	Closed
112	11/08/2022	Noise complaints during June	AsA to check the June data to confirm that no noise complaints were reported during the month of June. Airservices confirmed no complaints recorded was correct for the month of June.	AsA	14/09/2022 24.11.22	Closed

147	23.03.23	Bali Biosecurity measures	GCA to advise on measures address biosecurity for the direct Bali to Gold Coast flights. DFAT & GCA continue to use disinfected mats for passengers to walk on when they arrive back from Bali as a first point of entry requirement. Targeted interactions with passengers is also taking place.	GCA	20.07.23	Closed
148	23.03.23	Aviation White Paper update	The Department to provide an update on the aviation white paper process.	DITRDCA/ Chair	20.07.23	Closed

Planning update – South Coast Region

Briefing with Gold Coast Airport Community Aviation
Consultative Group (CACG)

Acknowledgement of Traditional Owners and Elders

I'd like to begin by acknowledging the Traditional Owners of the land where we meet today. I would also like to pay my respects to the Elders both past and present.

I also extend that respect to the Aboriginal and Torres Strait Islander people here today.

Planning update

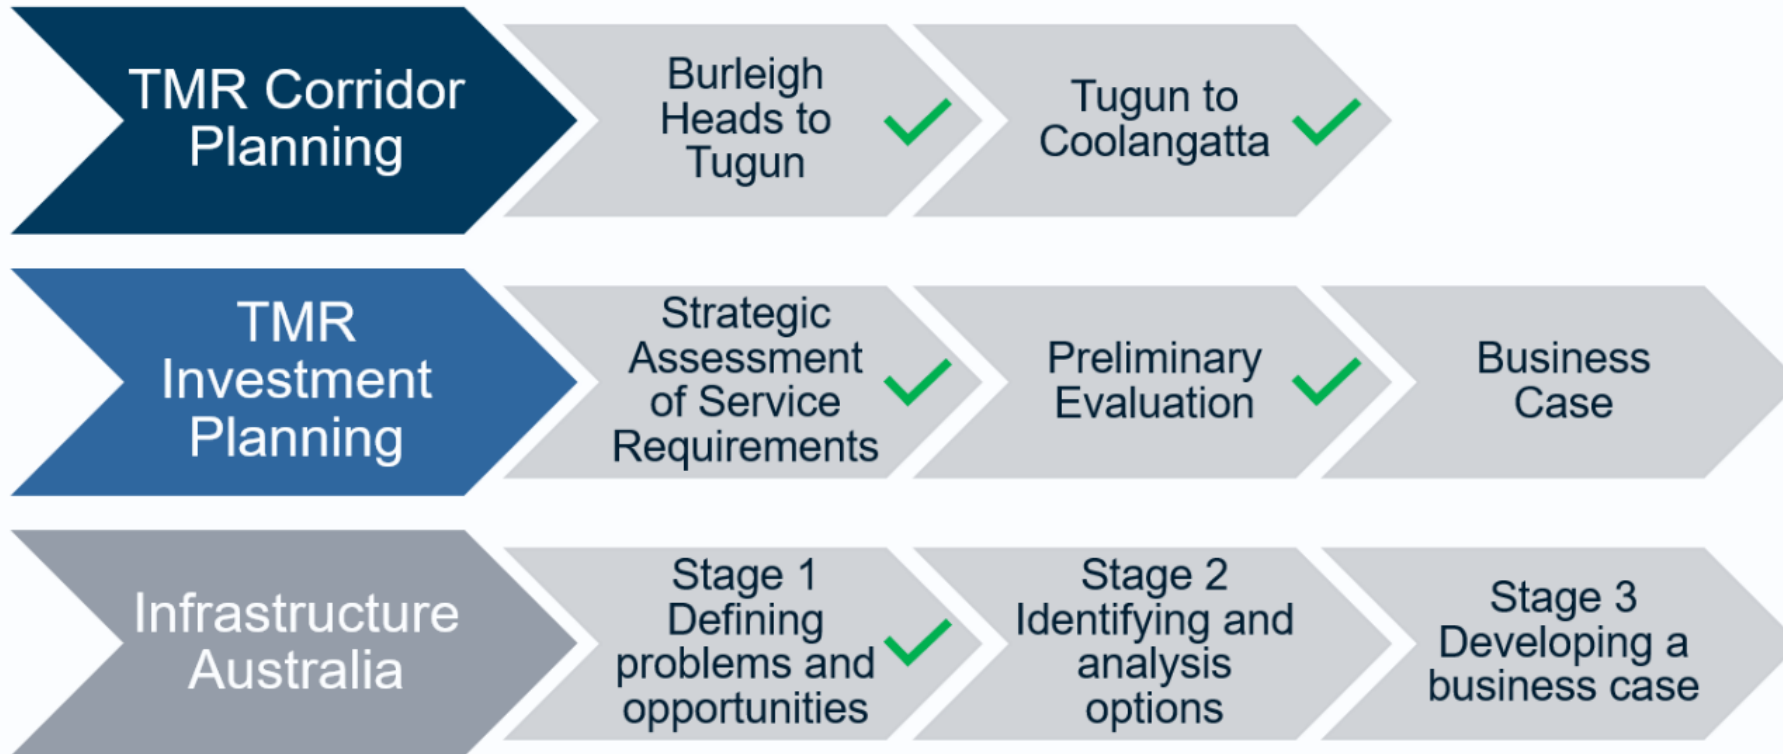

- Bus network changes
- Light and Heavy Rail planning
- M1 planning.

Bus network changes

Translink Southern Gold Coast bus service improvements website

- ‘From Monday 19 June, bus service improvements are coming to the southern Gold Coast. We're adding more than 500 trips across seven routes; making services more frequent and improving your travel options with earlier and later trips each day’
- Route 760 – Tweed Heads to Robina
 - updated timetable to give more accurate travel times and make service more reliable.
- Route 768 – Tweed Heads to The Pines (Elanora) via John Flynn Private Hospital
 - updated timetable to give more accurate travel times and an additional 18 trips a day.

Light Rail update

Light Rail and Heavy Rail update

M1 update

Varsity Lakes to Tugun project expected to open progressively from 2024.

Community engagement updates

Noise Monitor Review

- Final location (Palms Village) installed (3-month data collection)

Runway 14 ILS STAR & Runway 32 RNP (AR) approach

- Internal CEPs under review, engagement to start shortly

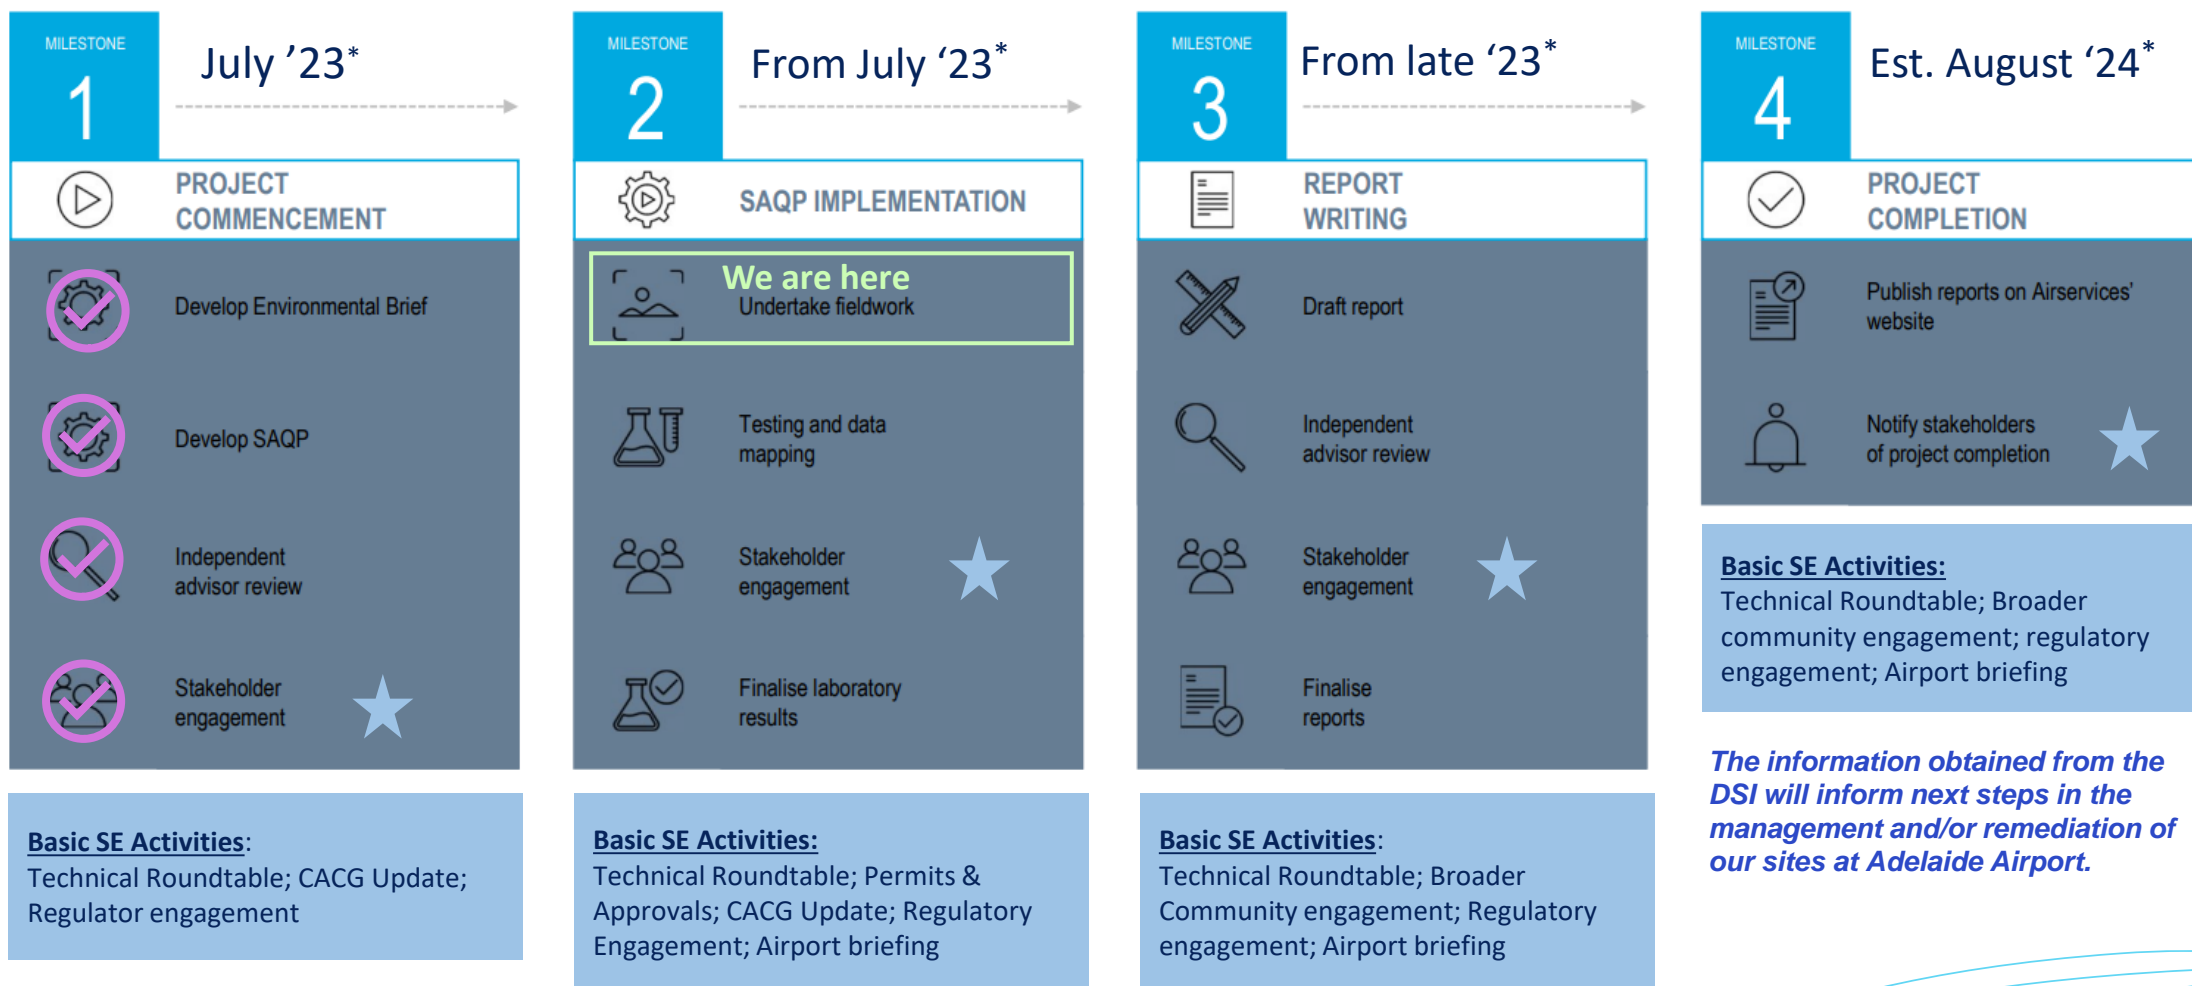

RRO – report of next steps

“RPT to use RWY 14 for arrivals and RWY 32 for departures where operationally possible, to be trialled between 10pm and 11pm during daylight savings”

- For a trial:
 - Environmental assessment (internal)
 - Community consultation
 - Industry consultation

National PFAS management program

Gold Coast Airport Detailed Site Investigation (DSI) progress

*Project timeline current as at July 2023, subject to change.

National PFAS management program

SAQP

- feedback from broad technical and community engagement process has led to **15 additional SAQP monitoring locations** i.e.
 - 2 x additional biota sampling locations
 - 1 x additional groundwater well
 - 11 x additional surface water / sediment / pore water samples
- includes
 - Locations CACG noted in the extra-ordinary meeting around the high flow culvert that directs flood waters from Coolangatta Creek to the Cobaki and the overflow point (which only flows in heavy rainfall)
 - More surface water sampling locations to the Cobaki
 - More surface water and sediment sampling locations in the shallow drainage lines that flow past the FTG and towards the Cobaki
- SAQP endorsed by technical reviewers. This includes:
 - 2 independent specialist contaminated land auditors (one for each state)
 - NSW and Qld government agencies
 - On-airport regulators
 - Gold Coast Airport

Thank you

Domestic Terminal refresh

Taxiway Echo reconstruction

Relocating taxi rank + New car park

Approx. 580 new airport parking spaces to be developed

Southern Entryway Road

- New Gold Coast Highway intersection providing a second access into Gold Coast Airport from the south.
- Intersection straddles NSW and QLD border.
- This project aims to:
 - Improve access for airport customers coming from the south, providing a more direct link through to the airport and providing an additional access point for SCU
 - Increase airport road network capacity, providing a safer access path and reducing congestion
 - Generate construction jobs
 - Open up new opportunities to develop the southern airport land, enabling access and trunk services infrastructure
- The contractor is established on site and is finalising all management plans for approval.
- Works are anticipated to commence later this year, pending finalisation of deeds with the State Government.
- The project is expected to take between 9-12 months for construction.

Community updates

Ambassadors & AmbassaPAWS

- New volunteers have joined the GCA Ambassador Program – 47 volunteers
- The GCA AmbassaPAWS is growing – Quincy, plus 4 dogs being trialed

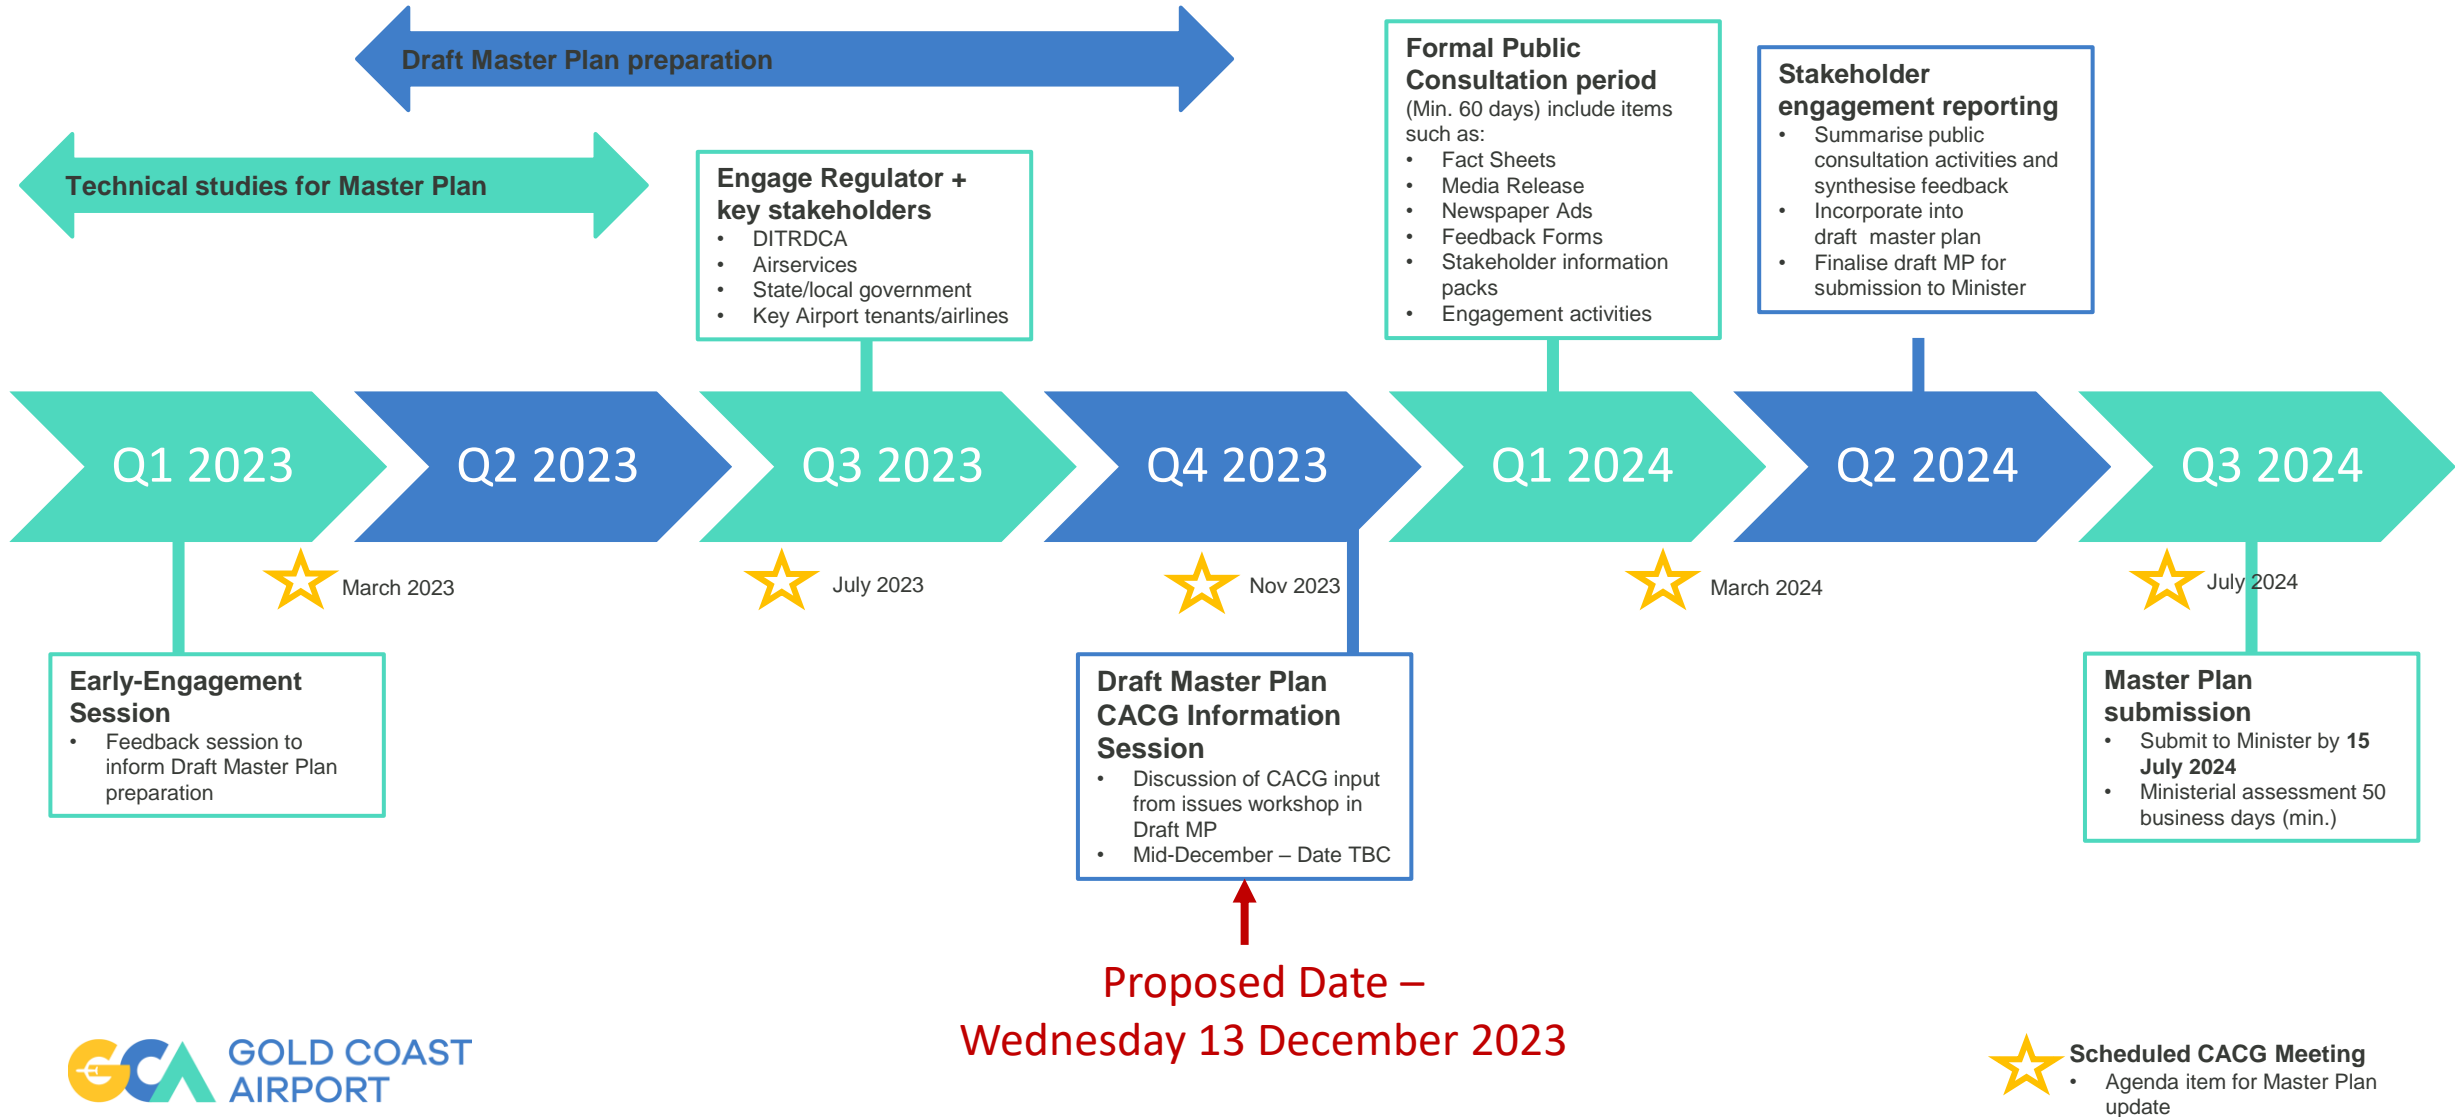

Sad news

Gold Coast Airport Master Plan 2024

GCA Master Plan 2024 – Preparation & Engagement Planning

Master Plan Studies - Updates

- Passenger / RPT traffic forecasting complete
- Aviation (Airfield and Terminal Planning) being finalised
- Noise forecasting + ANEF modelling underway
- Precinct Planning underway
- Ground Transport forecasting and modelling underway
- Review of Environmentally Significant Area (ESA) mapping underway
- Review of Environment Strategy + Sustainability components of MP underway
- Economic assessment underway
- Indigenous cultural heritage engagement planned for this year, ahead of formal consultation period scheduled for early 2024

CACG and ANACC Integration Discussion

Considerations

- Representation from key stakeholders
 - More regular meetings
 - Consistent Chair to drive agenda and action
 - Avoids duplication
 - Streamlines message delivery & updates
-
- Updated the Terms of Reference to incorporate the technical elements of ANACC
 - Agenda framework reconsidered – curfew update, noise discussion, SWP
 - Meeting dates – quarterly (extra 30 mins)

OPENAIR Air Quality Sensing Pilot Project

Overview of Status

- Three PurpleAir sensors and solar and battery systems are now up.
 - Control Site
 - Air traffic only site (estimated altitude 342 ft)
 - Air traffic only site (estimated altitude 1000 – 1500 ft)
- Finishing touches on site-specific issues for three more sensor locations:
 - 2 reservoirs
 - 1 cemetery close to the Pacific Highway and under the flight paths.
- Additional four sites to be finalised.
- No data has been analyzed yet.
